

Used GSE Center

Especially when you need something for only a short or limited time, second-hand equipment is a uniquely economical alternative to buying it new. At the Used GSE Center you will find virtually any product you need - available for prompt delivery at an attractive price.

Many airlines, airports and aircraft ground handling agencies make use of our Used GSE Center to achieve optimal cost-effectiveness and maximum flexibility in operating their ground support services. The Used GSE Centers inventory is being constantly augmented and updated. Resulting from our worldwide contacts, we always have on hand a wide selection of the most varied used equipment.

All equipments shown on this pages are maintained and overhauled by Hitzinger.
